## Meet Simon!

Simon's wish to go to Disneyland for a Star Wars experience was amazing, from being picked up by a limousine to the special line passes at the park. 7-year-old Simon and his family loved the VIP treatment they received. While at the park, Simon was able to meet his favorite Star Wars characters and even received special Jedi Training. The whole experience was out of this world for this huge Star Wars fan! For Simon and his family, his Disneyland wish was a dream come true!
