

SECTION 8. AGRICULTURE

In addition to the measures listed in Section 1 All Businesses, additional measures have been identified for specific industry sectors and specific business types. Employers within this Industry should implement the following additional measures:

- A. Training:** No additional measures. See Section 1.
- B. Signage:** No additional measures. See Section 1.
- C. Measures to Protect Employee Health:**
 - i. Ensure that portable toilets are cleaned at least once daily.
 - ii. Provide agricultural workers with materials needed to regularly wash their hands (soap, water, single use towels).
 - iii. Provide agricultural workers with face coverings when physical distancing cannot be maintained.
- D. Measures to Prevent Crowds from Gathering / Encourage Physical Distancing:** No additional measures. See Section 1.
- E. Measures to Prevent Unnecessary Hand Contact / Increase Sanitization / Disinfection:**
 - i. Sanitize shared equipment, tools and other materials after use, to ensure the next user is protected.
- F. Additional Measures to Protect Health:** No additional measures. See Section 1.
