

## SECTION 13. HAIR SALONS, BARBERS, AND NAIL SALONS

In addition to the measures listed in Section 1 All Businesses, additional measures have been identified for specific industry sectors and specific business types. Employers within this Industry should implement the following additional measures:

**A. Training:** No additional measures. See Section 1.

**B. Signage:**

- i. Post signage that warns customers that masks are needed because social/physical distancing is not possible.
- ii. Post signage that non-clients are prohibited from entering the facility.

**C. Measures to Protect Employee Health:**

- i. Require face coverings for both practitioners and clients.
- ii. Require that practitioners wash hands before starting a new client, immediately after working on a client, and after cleaning up post-client.
- iii. Require that practitioners wash hands (using soap, water and single use paper towels) before donning gloves and after removing them .
- iv. Provide sanitizers or EPA-registered disinfectants and related cleaning supplies to all practitioners and employees.
- v. Evaluate the use of face shields to provide additional protection to employees and customers.
- vi. Keep the facility as well ventilated as possible for increased exchange of outside air.

**D. Measures to Prevent Crowds from Gathering / Encourage Physical Distancing:**

- i. Limit the number of customers so there is at least a 6-foot physical separation between workstations during service delivery.
- ii. Limit procedures to be conducted by appointment only, with no walk-in customers.
- iii. Encourage clients to wait in their cars until their practitioner is ready, rather than waiting inside the facility.
- iv. Limit people inside the facility to employees and clients only.

**E. Measures to Prevent Unnecessary Hand Contact / Increase Sanitization / Disinfection:**

- i. Provide practitioners with hand sanitizer and surgical (case) masks that completely cover the nose and mouth to use during a procedure.
- ii. Use only medical-grade surgical masks and gloves that are changed with each procedure.
- iii. Do not use cellphones while services are being delivered.
- iv. Require sanitization/disinfection of workstations, equipment, tables, chairs, and other surfaces touched by clients between each procedure and maintain documentation logs

**F. Additional Measures to Protect Health:**

- i. Install Plexiglas or other smooth and easily cleanable shielding materials if services can be delivered from a fixed position.
