

SECTION 11. PUBLIC SWIMMING POOLS, PUBLIC SPA POOLS

In addition to the measures listed in Section 1 All Businesses, additional measures have been identified for specific industry sectors and specific business types. Employers within this Industry should implement the following additional measures:

A. Training: No additional measures. See Section 1.

B. Signage: No additional measures. See Section 1.

C. Measures to Protect Employee Health:

- i. Disinfect high contact surfaces in break rooms, restrooms, and other common areas on the following schedule:
 1. Check-in Counters: At least twice daily while in operations
 2. Restrooms: At least twice daily for high use restrooms

D. Measures to Prevent Crowds from Gathering / Encourage Physical Distancing:

- i. Limit the number of users in the pool facility at any one time to the maximum number which allows for customers (or groups of household members) and employees to easily maintain at least six-foot distance from one another, at all practicable times. Physical distancing shall be maintained both in the water and out.
- ii. Assign an employee to monitor that the maximum number of users in the facility is not exceeded and that social distancing is maintained.
- iii. Place tape or other markings at least 6 feet apart in user line areas or any other area in the pool where users congregate.
- iv. Public swimming pools, therapy and lap swimming pools that do not have employees, lifeguards, or coaches on deck to monitor social/physical distancing shall remain closed until the Shelter-at-Home Order is modified, replaced, or lifted.
- v. Keep spa pools (those with jets) closed until the Shelter-at-Home Order is modified, replaced, or lifted. If the pool and spa pool share the same enclosure, indicate how the spa pool will be closed (caution tape, signage, barriers, etc.).
- vi. Separate seating for users and other onlookers to assure minimum six feet distancing.
- vii. Instruct all employees to maintain at least six feet distance from users and from each other, as much as practicable.

E. Measures to Prevent Unnecessary Hand Contact/Increase Sanitization/Disinfection:

- i. Assign employee(s) to disinfect high-contact surfaces often (point of sale terminals, counters, restroom surfaces, handrails, pool gates if not hands free, etc.).

F. Additional Measures to Protect Health:

- i. Offer special services for immune-compromised and other vulnerable populations.
