Vision in Action

This vision lays out where we want to go, and we put in the hard work to get there.

Empowered businesses to attract qualified and diverse candidates through the SLO Onboarding Assistance Resource or SOAR program.

Advocated for policies at the city and county level that would encourage the development of more housing inclusive of affordable options.

Advocated for continued operations of Diablo Canyon Power Plant and to reestablish the unitary tax for economic growth in SLO County, cementing our region as a leader in California's energy production.

Took a group of 33 community leaders to Madison, Wisconsin for an inspirational trip to begin the process of refreshing and redesigning our economic vision.
